One Class

Pick one class this week and avoid the impulse to leave as soon as the bell rings. Instead, ask your teacher how their day has been.

Practice engaging with your teacher in a meaningful way--follow up with asking how their weekend was or how their family is doing. Perhaps ask them about their favorite type of music, book, or TV show.

PATIENCE

Spring Parent/Teacher Conferences will be Thursday, March 19th from 2-4:30 and 5:30-8pm in the Middle School Gym. School will be dismissed at 1:2pm. There will be no school Friday, March 20th or Monday March 23rd.

Note from Nurse Grass: There are several children in middle school with severe allergies to all Tree Nuts, Peanuts, and Peanut Products. We will be having an allergy free table in the cafeteria for these students but, it is extremely important that any food items, snack or lunch, sent to this classroom be tree nut and peanut free. Please read the labels on the items being sent to school, it will tell you whether it contains tree nuts, peanuts or peanut products. It will also tell you if it was made in the same factory as a product that contains nuts or nut products. We ask that you do not bring in these items. Thank you for your help in this matter. Our goal is to keep every student at their healthiest.

Yearbook orders are due March 18th for \$15.00! Get yours ASAP!!

******The 8th grade slideshow is around the corner!!!! Send 3-5 images via email or with your student to get scanned and returned. - Littleton@huskersk12.org***

Math: This week your student will work with systems of equations. A system of equations is a set of 2 (or more) equations where the letters represent the same values. Click [here](#) for more information and activities you can try at home. Please feel free to contact me at nikkeln@huskersk12.org with any questions or concerns.

Social Studies: The students will continue to study the creation of our U.S. Constitution and the impact it had on the founding of our country. If you have any questions or concerns feel free to contact me.

Mr. Watson watsona@huskersk12.org

RISE: We will be finishing up our Forensic Ballistics part of our Crime Scene Unit. Our big focus is the science behind the investigations. Please be watching for permission slips for our Field Trip to be coming home soon. If you have any questions, please do not hesitate to contact me.

Mrs. Wahn wahnj@huskersk12.org

7th & 8th Computer Literacy:

Students will be using Google Sheets to create and edit spreadsheets. They will also be creating graphs/charts to display information. If you have any questions, please do not hesitate to contact me.

Mrs. Figg figgr@huskersk12.org Conf. Gold 4 & Blue 1

Communication Arts: We did not get to the Evaluate Test last week. We will be completing that along with working on persuasive writing. Students will create their own thesis statement and provide evidence to support their claim. This is the last thing we will do before we take the unit test. If you have any questions, please let me know.

Ms. Thompson thompsona@huskersk12.org Conference Time: G4/B5

Power and Construction: This week students will begin working on their Bluebird houses in the Ag Shop. A reminder that shop fees for this class are \$10.

Ms. Taylor taylor@huskersk12.org Conf. B5, G5

8th Grade Art Students are doing a great job with one-point perspective hallway drawings due at the end of the week 3/13. Please remind your students to try their best at completing weekly studio tasks and sketches in class.

Yearbook Students are working on their fine art and composition skills with ink drawings. We will continue to do a variety of art projects now that the yearbook is coming to an end.

Graphics/Art1 Students are working on a "Foreshortening" Graphite portraits due at the end of the week 3/13. Please remind your students to try their best at completing weekly studio tasks and sketches in class.

Graphics/Art2 Students are about to begin a high contrast chalk pastel drawing of an animal due at the end of the week 3/19. Please remind your students to try their best at completing weekly studio tasks and sketches in class.

Mrs. Hass Littleton@huskersk12.org Plan G5/B1

FACS: Students have begun cooking units. They will be finishing up their hotdog creations at the beginning of the week and learning how to make homemade pizza rolls at the end of the week into the next week. If you have any questions, please contact me. All sewing fees should be paid to the office or on Tyler.

Mrs. Sears searss@huskersk12.org Conf. G5/B2

Food Science: The students are going to be discussing careers in food science and writing a paper over a career of their choice. They will then start a unit on Fats. If you have any questions, please contact me.

Mrs. Sears searss@huskersk12.org Conf. G5/B2

8th Grade Science:

We will be continuing our unit on Thermal Energy. Topics covered will be: Thermal Energy, Temperature, and Heat; Thermal Energy Transfers; and Using Thermal Energy. At the completion of this unit, students should be able to answer the question: How can thermal energy be used? Please don't hesitate to contact me if you have any questions or concerns.
